## Endorsement of the TCFD Recommendations

In line with the Task Force on Climate-related Financial Disclosures (hereafter TCFD) recommendations, Hodogaya Chemical Group declares its endorsement of TCFD recommendations on 9 November 2022.

The group will actively move forward based on the idea of balancing the pursuit of economic value and solutions to social issues and providing value to all stakeholders to fulfil its responsibilities related to creating a sustainable world/society as given in the VISION (Target Corporate Image) appearing in the Mid-term Management Plan SPEED 25/30, which started from FY2021.

In response to the TCFD recommendations that require companies to disclose information on their responses to climate change to investors and all the stakeholders, as a chemical company, we confront climate change and implement initiatives to reduce our environmental impact by "reducing greenhouse gas (GHG) emissions" and "creating environmentally friendly products" through technological innovation, proactively disclosing information which we have on our website and in the integrated report 2022.
