# **Interim Business Report 2021**

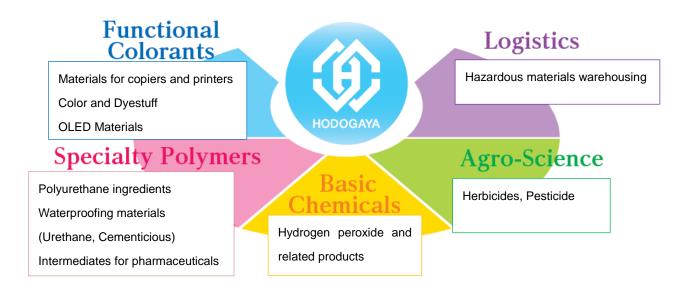

April 1 - September 30, 2021

# Hodogaya Chemical Group: Management Philosophy

Through constant innovation of chemical technology, we will provide high-quality products and services throughout the world and contribute to the creation of an environmentally conscious society.

### **Business Overview**

One of the things that make the Hodogaya Chemical group unique is that in each sector, whether it is Functional Colorants, Specialty Polymers, Basic Chemicals, Agro-Science, or Logistics, etc., there is a highly specialized group company. With Research & Development, Manufacturing, and Sales working together in a Trilateral Business Plan, we are able to meet the various needs of our customers quickly, and with products and service of the highest quality.

# Second Quarter 2021 Consolidated Results (Millions of Yen)

	FY 2021 Second	Changes
	Quarter Results	Gains/Losses
Net sales	20,329	+4.7%
Operating profit	3,361	+20.4%
Ordinary profit	3,498	+20.6%
Profit attributable to owners of parent	1,767	+41.1%

### New Mid-term Management Plan

### Management philosophy and new mid-term management plan "SPEED 25/30"

### PURPOSE [Management Philosophy]

Through constant innovation of chemical technology, we will provide high-quality products and services throughout the world and contribute to the creation of an environmentally conscious society.

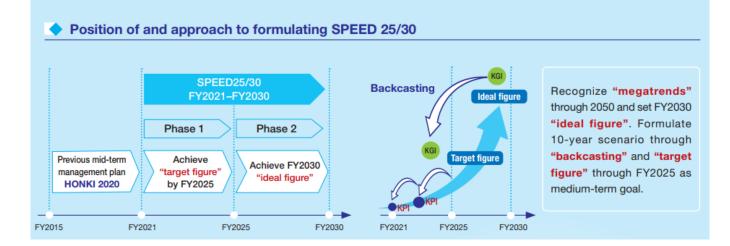

# VISION [Target Corporate Image] New mid-term management plan "SPEED 25/30" FY2021 – 2030

### [VISION for the Mid-term Management Plan]

A corporation that contributes to establish a sustainable society by means of our original portfolio and environmentally friendly manufacturing, with a focus on specialty products

### "SPEED 25/30" message and "FY2030 Ideal Figure" and "Target Figure through FY2025"

### An assive changes in the environment through 2050 (megatrends) and FY2030 ideal figure

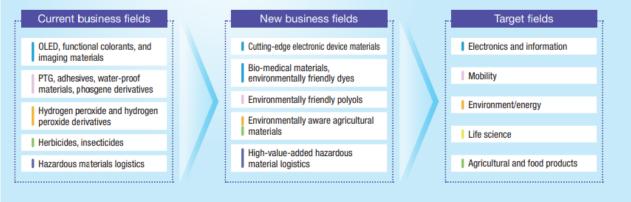

Shift in global economy toward Asia	Change in international order	
Further evolution of digital technology	Change in industrial structure	Response to sustainability
Social issues growing into global ones (environment, disparities, urbanization, etc.)	Change in social structure	

	Ideal figures in FY2030	
Strengthening operations	A well-constructed business portfolio	
Expanding our sphere of activity	Continuing to create new products for the global market	
Higher efficiency	Achieving a high productivity	Promoting DX
Employees' point of view	Improving job satisfaction	
Social point of view	Contributing to the achievement of SDGs and realizing environmental friendliness	
Shareholders' point of view	Maintaining a stable dividend for a long term	

#### Hodogaya Chemical Group's "target figure to be achieved by FY2025"

Strengthening operations	Reinforced business Business Strategy Roadmap	Creating new products	Stronger management foundation
<ul> <li>Generating sustainable growth in both strategic businesses and core businesses</li> <li>Moving forward with concentration and creating new portfolio</li> </ul>	<ul> <li>Promoting technical innovation for strategic businesses and contributing to business expansion</li> <li>Quickly commercializing development themes</li> <li>Continually generating R&amp;D topics in order to expand into new fields</li> </ul>	<ul> <li>Complete system to quickly launch new products</li> <li>Conducting secure, safe production of environmentally friendly products with extremely high productivity</li> </ul>	<ul> <li>Greater organizational capabilities</li> <li>Greater motivation to work</li> <li>Responding to advent of corporate value</li> <li>Even stronger finances</li> <li>Improved operational efficiency</li> </ul>
Undertake strategic investments that contribute to growth, including business investments (M&A, etc.), IT, and infrastructure Promote sustainability and DX			

### **Constructing a new business portfolio (illustrative)**

Aim to implement key policies by FY2025 and expand new business fields and accelerate expansion into target fields given in the Business Strategy Roadmap.

### Sustainability policy (basic approach)

The Hodogaya Chemical Group will actively promote sustainability activities based on the concept of "balancing the pursuit of economic interest and solutions to social issues and providing value to all stakeholders" in order to fulfill its responsibility to realize a sustainable world and society in the medium and long term in line with the management philosophy (PURPOSE) and target corporate image (VISION)

#### Governance

- •Establish the Global Environment Subcommittee, which promotes activities related to environmental conservation and improvement, and TCFD Subcommittee, which promotes activities in response to TCFD proposal, as strategic response bodies under the Sustainability Development Committee.
- •Report and deliberate on content of committee and subcommittee discussions to Board of Directors and Management Committee and work under integrated management.

#### Strategy

- •Classify risks based on long-term forecasts with an eye toward 2030 into TCFD risk categories, move forward with climate scenario analysis of 2°C, etc., and examine the following regarding analysis results.
- ■Risks: Response to both transition risks and physical risks
- Opportunities: New efforts from the perspective of climate change mitigation/adaption Establish the Global Environment Subcommittee, which promotes activities related to environmental conservation and improvement, and TCFD Subcommittee, which promotes activities in response to TCFD proposal, as strategic response bodies under the Sustainability Development Committee.

#### Risk management

- •Regularly hold Risk Management Committee meetings, recognize and evaluate risks throughout the company, debate risk reduction measures, and report to Board of Directors and Management Committee
- Recognize climate-related risks as disaster risk
- •Recognize risks and opportunities in line with methods used for climate scenarios, such as 2°C target, and examine concrete measures in order to respond to uncertainty of climate-related risks at TCFD Subcommittee

### Target and indicators

•In addition to traditional initiatives, set targets that factor in the possibility of the use of renewable energy and CO<sub>2</sub> emission reductions through the introduction of ICP

# Management Targets (Financial)

Financial target	FY2020 results*	FY2025 management targets
Net sales	¥41.1 billion	¥50.0 billion
Operating profit	¥5.4 billion	¥7.5 billion
Operating margin	13%	15%
ROE	8%	9%

\* For FY2020, before applying Accounting Standard for Revenue Recognition, etc.

# Management Targets (Non-financial)

Non-financial target	FY2020 results	FY2025 management targets
Energy intensity	0.637 kl/million yen of net sales	Expect to examine and disclose
		considering TCFD
CO <sub>2</sub> emissions	1.1658 t-CO <sub>2</sub> /million yen of net	Expect to examine and disclose
	sales	considering TCFD
Industrial waste volumes	3,017 t	Reduce the volume of
		industrial waste
ESG evaluation score	2.3	3.7
Employees engagement score	Start to measure using outside	Gradually raise score
	services (FY2021-)	
Percentage of managers who	11.2%	13%
are women		

# Forecast for FY 2021

(Millions of Yen)	)
-------------------	---

Net sales	40,000
Operating profit	5,000
Ordinary profit	5,000
Profit attributable to owners of parent	2,500

# **Overview By Business Segment**

# **Functional Colorants**

OLED Materials	Hole Transport Materials and other principal components of organic
	EL displays and lights.
Imaging Materials	CCA (Charge Control Agents), a critical component of toner.
	Materials for the OPC(Organic Photo Conductors) drums that are central to
	copiers and laser printers.
	Dyes for ink jet printers
Color and Dyestuff	Dyes for coloring aluminum, high-end stationery products and various inks.
	Hair Coloring Agents
	Colorants for processed foods and cosmetics, etc.

### **Specialty Polymers**

Functional Polymers	Materials for clothing, automobiles, industrial components, leisure products,
	etc.
	Adhesive
	Release Agents
Construction Materials	Urethane waterproofing materials
	(for building and parking structure roofs, etc.)
	Cementicious waterproofing materials (for sewage facilities,
	water treatment plants, underground pits, etc.)
Specialty Chemicals	Intermediates for pharmaceuticals, agricultural chemicals, polymers,
	electronics materials, etc.

### **Basic Chemicals**

Basic Chemicals	Bleaching agent for paper pulp, fibers and clothing, etc.	
(Hydrogen peroxide)	Pollution treatment and other forms of environmental cleanup.	
	Parasiticides for Farmed Fish	

# Agro-Science

Agro-science	Herbicides, pesticides and growth control agents for crop fields,
	golf courses, green areas, etc.

### Logistics

Logistics Hazardous materials warehousing
